

Convocation will honor 300 students on Friday morning

More than 300 OU students will be recognized Friday morning at the annual Honors Convocation. Classes will be shortened for the convo which is scheduled for 9:30 in the university auditorium.

Dr. A. Stanley Trickett, president of Kansas Wesleyan University, Salina, Kansas, will be guest speaker at the annual event. Dr. Trickett's subject will be "Whither Bound—A Look Behind the International Headlines."

Dr. Trickett received his Ph.D. in history at the Victoria University of Manchester, England. He is a holder of the Montague

Twenty-one University of Omaha students made straight "A" averages in the first semester of the school year, according to Alice C. Smith, Registrar.

One freshman, four sophomores, three juniors and five seniors were listed with a 4.00 average, and eight special students.

Freshman student is Sally J. Penny. Marilyn Cowger, Dorothy Friedman, Virginia Pappas, and James R. Townsend are sophomores who made straight "A's."

Juniors in the group include Dean R. Brown, George Marling, and Herbert Sklenar.

Seniors who complete the list are Dorothy J. Hays, Vincent Kershaw, John W. Madden, Thomas N. Townsend, and Joseph Twaranovica.

Burton Fellowship and was elected fellow of the Royal Historical Society of Great Britain in 1938.

Introductions

Dr. Milo Bail will introduce Dr. Trickett. Introductions and presentations for the College of Arts and Sciences will be given by Dean W. H. Thompson. Dean C. W. Helmstadter will present students in the College of Applied Arts and Sciences.

John W. Lucas, dean of students, will preside over the presentation of the new members of the three honor societies, Alpha Lambda Delta, freshman women's honorary society; Phi Eta Sigma, freshman men's group, and Corinthian Society.

'Dark Victory' cast combines talent, humor, drama, mood to produce spring presentation last weekend

by Jim Bourne

What makes a play enjoyable? Is it the actual contents of the play or is it the cast? The question is probably unanswerable, but the University Players combined both these points in their presentation of "Dark Victory" last Friday and Saturday in the auditorium.

The entire cast from the smallest bit part to the leads did an exceptional job. It was a well done presentation of a rather heavy drama. "Dark Victory" was not completely without humor, however.

The story concerns Judith Traherne, played by Marilyn Sibert, a wealthy spoiled society girl. She suffers a head injury after a fall from a horse and Dr. Frederick Steele, enacted by Jim Mason, is called in to examine and treat her.

Science Workshop is held for high schools

Omaha U's Chemistry Department played host to an intercity Science Workshop Saturday morning. Dr. Nell Ward, chairman of the department, greeted the Omaha and vicinity high school students with a welcoming address.

The workshop featured papers and exhibitions of the amateur scientists. Some of the student papers included such subjects as "Shells," "Rockets," "Color," "The Testing Thrust of Co2 Cartridges" and "Applications of Catode Ray Oscilloscopes." Exhibitions ranged from a live alligator to a model atomic pile.

Awards were given to the best exhibits. In addition to the students' own work, the workshop went on a tour of OU's laboratories. Advanced students in the Chemistry Department were on hand to illustrate and explain various laboratory methods.

Radio workshop tapes production

Radio Workshop production, "The Mirror", was transcribed Sunday morning in the university's radio lab.

The station which will present the taped program will be announced at a later date, according to Bruce A. Linton, director of the Radio Workshop.

Leading roles in the presentation include Harry Langdon, Barbara Haugness, Leonore Marx, Ralph Carey, Jack Dunlevy, and John Marshall.

"The Mirror" is the story of an oriental curiosity shop which houses a mysterious that foretells the future.

Four of Linton's radio production class handled the technicalities of the production. Jim McPherson was engineer for the show, while Dick Carlson was in charge of background music.

Steele operates, falls in love with Judith knowing that she only has six months to live. He then goes to resume a country doctor practice in northern Vermont while Judith is having one last fling. She finally realizes her blunders and goes to Steele. Marriage follows and everything seems to be bliss, but Judith has very little time left to live. Steele is called to a special case and Judith insists he go knowing full well she will die before he returns.

"Bouquets"

Anyone handing out bouquets would praise Mason and Miss Sibert. Both of them did a wonderful job while reading some very difficult lines. They kept the play moving, timed it very well, and held the audience interest.

Jack Dunlevy came through

Trickett, world traveler, speaks at Coffee Hour

OU students will have a chance to find out about university life in England Thursday.

Dr. A. Stanley Trickett will be guest speaker at the Coffee Hour from 2 to 3 p. m. in the faculty clubroom. Dr. Trickett is president of Kansas Wesleyan University. He will also address the Honors Convocation Friday morning.

Dr. Trickett received his Ph.D. in history from the Victoria University of Manchester in Manchester, England. In 1938 he was elected a fellow of the Royal Historical Society of Great Britain. During the last war the speaker served as chaplain of the United States Army for four years in Europe and North Africa. He is holder of the Legion of Merit for meritorious service.

A world-wide traveler, Dr. Trickett has made 17 trans-Atlantic crossings and has visited all European countries but Bulgaria, Roumania and Russia.

Dr. Trickett is listed in Authors and Writers Who's Who, Who's Who in American Education, and the Directory of American Scholars.

Council offers new travel rate for students; C-3's are waterways to European education

Students who wish to travel to Europe for educational purposes will be able to cross the Atlantic for a new travel rate. The Council on Student Travel is offering the new student rate of \$115 one way on two American-built C-3's reserved for summer student travel.

The low student fare on the C-3's is made possible by the elimination of luxury items of ocean travel. Each ship can accommodate 1350 students. The Council on Student Travel, a non-profit organization, coordinates the efforts of about 50 major groups interested in student travel abroad.

Since 1947 the Council has worked to make European sum-

Spring election set for May 2; 15 posts open

Petition deadline scheduled for April 25; ballot lists Princess, Council, publications

May 2 is the date set aside this year for the regular spring all-school election. Voters will elect 15 students to new positions for the next school year.

Faculty members are honored in math, chem

Two faculty members recently received regional honors in their respective fields.

Paul J. Stageman, assistant professor of chemistry at the university, has been reappointed to the Policy Committee of the Nebraska Academy of Sciences for the years 1951-52.

The committee is made up of a representative from each higher educational institution in Nebraska.

Stageman will attend the Academy annual meeting in Lincoln Friday and Saturday.

Dr. J. M. Earl, head of the Department of Mathematics, has been elected Governor of the Nebraska Section of the Mathematics Association of America.

Petition's may be obtained in the Dean of Students' office beginning tomorrow. Eligibility will be checked at this time. All petitions must be completed by Wednesday, April 25, at 3 p. m.

Heading the election list will be the honor position of Ma-ie Day Princess. Only senior girls who will graduate during the current school year may be candidates.

Student Council posts include four senior class representatives, four juniors and four sophomores. The freshman seats are filled in the fall election. Two women and two men from

Tomorrow at 3 p. m. is the deadline for Ma-ie Day Emcee applications.

Any student or student team wishing to take on the position must have an application in the Dean of Students' office by this time. As of the end of last week two letters had been received.

The emcees will be named by the Student Council at its meeting tomorrow.

each class are eligible to sit on the Council. Candidates will file petitions for the class that they will be in next year.

The other two offices to be filled are for the Board of Student Publications. The posts are held by two students, juniors or seniors, men or women.

Student Council Election Chairman Nancy Jones has stressed that the petition-filing time limit will be strictly observed. No petitions will be accepted following the deadline.

Thirty-seven candidates campaigned for the 15 positions at last spring's election. A record turnout of voters was recorded last year.

All elections are under the direction of the Student Council.

OU faculty members attend soc convention

Three members of the Omaha U Department of Sociology visited Des Moines, Ia., last week. The trip was business before pleasure, however.

Dr. T. Earl Sullenger, Prof. G. L. Wilbur and Mrs. C. A. Thomas represented OU at the Mid-western Sociological Convention. Traveling with them were Kenneth Hounshell, Beverly House, Kazuichi Hamasaki and Don Edwards. The four are all graduate students in sociology.

Taking part in different sections of the convention program were Dr. Sullenger, Mr. Wilbur and Mr. Hamasaki.

Petitions show deans distrust OU collegiates

Never in anybody's history has such a fuss been made over a piece of paper. The anger aroused is comparable only to presidential letters. "Why" cry all OU students, "are petitions necessary?"

The deans rule that all meetings, party groups over 4 people (heh! heh... you can have a party with only two) have to be petitioned. Even hosts at private parties have been called down to toe the famous line-the line of the petition chairman. Some of the groups even have to get the pass to go to church Sundays.

Joy rains down flooding the eyes of a student who, jumping gleefully around the halls, shouts to the walls, "I didn't get a petition and they didn't catch me." A medal for bravery above and beyond the call of the cause is awarded posthumously to such public heroes.

Soon, we will have to have a petition to walk down the hall, drink a coke or read the Gateway.

"The petition system is designed" say the Deans, "to protect yourself and the university from any out-of-line activity that could happen. But picture Dr. Payne behind bars arguing the moral wrong of the suppression of natural instincts in an age which is reverting to an escape attitude. Or Mr. Utley telling the police 'This is a violation of my rights to free assemblage.'"

Besides all this petitions are hard to get. First a bribe or an "in" with the Deans is necessary to secure a desirable room

Players score victory in drama presentation

By Laurel Main

The University Players had a victory of their own when they presented "Dark Victory", by George Brewer, jr. and Bertram Bloch, last week-end in the school auditorium. The leads, Marilyn Sibert and James Mason, interpreted their parts well in the drama which tells the story of a girl doomed to die and the doctor who loves her.

Standouts in the supporting roles were Gwen Arner, a sharp-tongued novelist, who amused the audience with her caustic comments, and Don Sarooian, the groom, who provided some of the more violent moments in the emotional play. Sarooian's accent, straight from Ireland, was well done.

The sets, two of which were used for the first time by the Players, added to the authenticity of the drama. A modernistic setting was used to portray the girl's home on Long Island, and the second setting, used in the third act, was that of the doctor's country home in Vermont. The audience in the right wing had a special treat as they were in full view of the portrait of Miss Sibert done by Jack Dunlevy.

The drama also had it lighter

at the university. Second you have to have all the time in the world to go trotting from place to place to get the petition completed. Third you have to have the good will of heaven to take it on the chin when you find, the night of your meeting, that some other group had the room "weeks ago".

moments in the love scenes and in Robert Russell's portrayal of the tipsy socialite. Reminiscent of the Dell at midnight, perhaps?

One burning question that the play brought to light was, casting no reflections on the school cafeteria, whether or not it was a Country Cousin or an Oriental sandwich that Jim-Mason munched so daintily in the third act.

The sound effects, brought about by Bill Borowiak, were good, if startling. The one in mind is the starting of a car in the Third act. It sounded so real that it caught the audience off their guard and brought on some laughs that should have been omitted from the serious ending of the play.

Lea Houghton, as Dr. Steele's nurse, was very impressive in her white uniform and in her knowledge of X-rays.

Jack Dunlevy, Mary Rispler, and Burl Robbins showed the effects of time and worry very well, thanks to the make-up staff. Burl did his character bit well, aided of course by a mustache and a baggy postman's uniform.

Costuming was done effectively and realistically. Special mention should go to Frances McChesney Key, who had the biggest job of all, that of directing the play.

One of the big problems college publications face is getting smutty material across without being censored. This type of stuff has always been a good selling point; it's part of the tradition in any successful humor magazine.

In fact, humor based on anything but sex is generally considered as a little too flat for a college audience. Then there's the undeniable argument that "the students want it."

And so humor and feature editors continue to dish it out, always with one eye on the blue noses with blue pencils. That's part of the fun too. It's sort of a game between editor and censor (official and un-official).

At this stage of the game, the censor is slightly ahead. The "Almes" Green Gander has been suspended until the jokes are cleaned up; CCNY's mag was discontinued when it ran a ris-

que piece about the college president: and the Gateway... but let's not talk about that.

Anyway, we'd like to run what the students enjoy. If it's dirty jokes, we'll find some way to avoid the censor; print them in pig-latin or something like that. As the letter-writer said, there are such things as journalistic principles, but there are also such things as readers.

The point of all this, in case you haven't guessed, is that we'd appreciate more criticisms, comment and suggestions. The Letters to the Editor column is also open to anybody who wants to say anything about anything.

* * *

Letters . . . Praise from Korea

Greetings, Editors!

Due to the thoughtfulness of Mrs. Danielson in the Student Lounge copies of "The Gateway" have been circulated among the marines of this company until they were so worn it was impossible to read them. Needless to say, they are enjoyed immensely by all who read them!

So when the March 13 issue reached us with the announcement of the inauguration of a "Letters to the Editors" column the guys elected me as a committee of one to write and tell you how much we like the paper—and to make a suggestion or two.

1. More pictures! (Particularly of the pretty little co-eds).

2. More humor of the "Hell-box" type. Dick Clark's comments on the draft situation gave us all a good laugh.

That seems to be the extent of the criticisms, guess you have such a good little paper we can't find anything to kick about!

All good wishes, Chuck Boiler, Cpl. Wm. Slighton, Pfc., Robert Foulds, Crp. Al Hernandez and many more, too numerous to include.

As I had feared, there was a mob of dogs waiting for me when I left the building last Tuesday. They had come to protest, I suppose, my non-smiling theory. A wire-haired terrier in the bunch looked like he was carrying a gun, so I got out of there fast.

To avoid another scene like that today, I immediately dispatched a telegram to Lassie for a final opinion that would be satisfactory to the pooches.

Lassie cables back: "The theory of genal canines is entirely without foundation. This vicious comparison of canine and human attributes has seriously affected our standing in the animal world. I suggest that dogs and people mind their respective businesses.—L."

Thanks a lot for replying, Lassie, and good luck in your next picture.

You are almost three times as likely to be killed in an automobile accident between seven and eight in the evening as you are between seven and eight in the morning.

* * *

About 75 percent of last year's automobile accidents involved passenger cars.

Are you bright enough for college? Take test and see

Sometime within the next few months, thousands of college men are going to spend a nerve-racking three and a half hours with a thing called the Selective Service College Qualification Test. The results of this test will supposedly indicate which ones should be in the army and which in college.

As a public service to OU males, the Gateway presents a sample of what the test will be like as indicated in a Selective Service brochure.

Score yourself as follows:

8-9: excellent.

6-7: good.

0-5: recruit.

Reading ability: Read the paragraph below, then answer the questions following it.

"The basilar membrane responds differentially to different frequencies, its shorter fibers making a maximal response to high frequencies. This is shown by the cochlear microphonic, an electrical effect produced in the cochlea during tonal stimulation and recorded by electrodes placed on different regions of the basilar membrane."

1. Complete the following sentence with the appropriate phrase.

Cochlear microphonic is—

a. Latin for "don't cough into the microphone."

b. A bar in South Omaha.

c. Something from a psychology textbook.

2. Which one of the following has the biggest basilar membrane?

a. Greta Garbo.

b. Jane Russell.

c. Ma Perkins.

3. How about lending me five dollars? Yes-No.

Word comprehension: Match the following words.

4. Of the words below which one means nearly the same as "Athlete."

a. bum.

b. prototype.

c. drunkard.

d. imbecile.

5. Of the words below which one means most nearly the opposite from "Professor."

a. tyrant.

b. sadist.

c. intellectual.

d. bum.

6. How about lending me five dollars if I pay it back tomorrow? Yes-No.

Mathematics: Solve the following problems.

7. A college student sleeps 23 minutes in each of his classes, except on Monday when he sleeps the whole period.

He is carrying 16 credit hours, 12 of which are night classes. How many marbles does he have left?

8. Person A smokes 280 packs of cigarettes a year. Person B smokes 505. Figuring the weight of ashes at 12 ounces per cubic inch and the area of ash per cigarette at four cubic centimeters, how much do the ashes weigh?

9. Buddy, can you spare a dime? Yes-No.

Answers: 1. (c) 2. (b) 3. No. 4. (b) 5. (c) 6. No. 7. None 8. A-147 lbs, B-152 lbs. 9. No.

Sigma Phi Epsilon cops kegling crown

Sigma Phi Epsilon is the intramural bowling champion. Only three games separated the title holders from fourth place Phi Epsilon Pi.

League champions won three games from the seventh place Sioux by forfeit to grab the crown at the 40 Bowl last Thursday. Sig Eps finished with a 41-22 record.

Pawnees finished in second place, one game behind the champs. They swept three out of three from the cellar club, Sigma Lambda Beta.

Theta Phi Delta grabbed third place honors by taking two out of three from ISA. Theta's finished two games behind the title holder.

Phi Epsilon Pi finished a strong fourth place by downing Theta Chi, three straight. Phi Eps were three games behind the champion Sig Eps.

Phi Epsilon Pi won the interfraternity league. They finished two games ahead of the second place Sigma Phi Epsilon team.

Theta Phi Delta was third, followed by Theta Chi and Sigma Lambda Beta.

Standing (Final)

Sigma Phi Epsilon	41	22
Pawnees	40	23
Theta Phi Delta	39	24
Phi Epsilon Pi	38	25
ISA	33	30
Theta Chi	31	32
Sioux	16	47
Sigma Lambda Beta	14	49

Interfraternity (Final)

Phi Epsilon Pi	28	13
Sigma Phi Epsilon	21	16
Theta Phi Delta	20	16
Theta Chi	16	20
Sigma Lambda Beta	10	26

Gordon Baker, who bowls for the second place Pawnees, had the highest individual average in the intermural bowling league. Baker had a 170 average.

Bob Lindberg, Sioux, grabbed runner-up honors with a 164 average. Hap Hefflinger of the Pawnees was a close third with 163. Other leaders:

McAuliffe, Sioux	162
Bronson, ISA	159
Lillethorpe, Sigma Phi Ep	158
Tucker, Sigma Phi Ep	158
Jensen, Sioux	154
Palmquist, Sioux	153
B. Anderson, Theta Phi Delta	152
Maseman, Theta Chi	151

Bob Russell, Theta Phi Delta, bowled the highest individual game in the 'mural bowling campaign with a 237 mark. J. McAuliffe, Sioux, copped the highest individual series title with a score of 571.

Sioux won the high team game with 713. Sigma Phi Epsilon was a close second with 709.

Sigma Phi Epsilon took the high team series honor with a 1951 series.

High Team Game

Sioux	713
Sigma Phi Eps	709
Theta Phi D	665

High Individual Game

Russell, Theta's	237
Tucker, Sig Eps	232
Palmquist, Sioux	220

High Team Series

Sigma Phi Epsilon	1951
Sioux	1920
Pawnees	1890

High Individual Series

McAuliffe, Sioux	571
Baker, Pawnees	567
Bronson, ISA	558
Tucker, Sig Eps	555

More than 80 percent of all accidents last year on our streets and highways involved vehicles going straight.

An overwhelming majority of motor vehicles involved in accidents last year were reported in apparently good condition.

Fifty-seven percent of last year's fatal accidents occurred during hours of darkness.

Four scrap for third base post

by Lee Nelson

One of the most hotly contested positions on the Omaha U. nine is the battle for the starting nod at third base. The fight for the hot corner centers around four men: Aksel Schmidt, Richard McKee, Charlie Vincent and Ernie Lee. All four men are right handed bat-

ters. By basis of early season drills, and the experience gained on the Arkansas trip, Schmidt at the time looks like the number one choice at the third sack.

Schmidt concentrated on backstop duties at his alma mater, North High, but after moving into Community League action, he moved over to third base.

His first and third seasons in the loop were spent with Naval Reserve while middle campaign was with Ace Construction. Last year's Navy team with Schmidt at third base was runnerup in the state semi-pro tournament.

Schmidt not only shines on the diamond but on the gridiron and basketball floor as well. He was a defensive star on the OU football squad and a starting guard on the papooses in basketball.

McKee, a Benson grad, is speedily shaping up for a possible varsity berth at third base. McKee, like Schmidt, transferred his talents from one position to another, only McKee made the switch from the outfield to the third sack.

In Legion ball, McKee was an all-city choice in centerfield, but last year, in school ball, he took over the third base reins in fine fashion. McKee also participated in football and basketball at Benson.

Last fall, McKee was the sparkplug of a mediocre fraternity eleven and was a member of the mural championship squad.

Lee is the darkhorse in the race for the third base post, but in limited batting sessions,

Gorr sets dates for 'mural track contest

Sports in the spring intramural program will include tennis, golf, track and softball. Deadline for entries in golf, tennis, and softball was yesterday. Entries in the 'mural track meet must be in by April 23.

Track meet will be held on the afternoons of April 26 and 27. All events will be held except the two mile run.

Ernie Gorr, 'mural director, has been hampered by inclement weather. He had originally planned to have the track meet a week ago. Other spring sports have suffered also. Tennis, golf, and softball were supposed to have gotten underway a week ago.

Sweepstakes standings will be announced Friday.

Weather hits OU sports

Calendar of Cancelled Contests:

Baseball: Omaha vs. Emporia Teachers, Wednesday, March 28.

Omaha vs. Nebraska Wesleyan, Tuesday, April 10.

Omaha vs. Drake, Friday and Saturday, April 13 and 14.

Weatherman spoils second Omaha attempt for home baseball game

The third time's a charm!

This is the hope of baseball coach, Virgil Yelkin. The inclement weather has thwarted the first two attempts of the Omaha University baseball squad to play in Omaha.

Rain forced the postponement of the Nebraska Wesleyan game, formerly scheduled for

April 10.

This game has been reset for next Friday, April 20, at Fontenelle Park.

The Drake two-day double header which was supposed to have been played last week end, has caused the Omaha mentor more trouble.

Campus Interviews on Cigarette Tests

Number 18...THE RACCOON

Shades of the roarin' 'Twenties! All duded up in

his ancient benny — but he has modern ideas on testing cigarette mildness! He's tried every "quickie" cigarette test in

the book — and they're not fooling him one bit! He knows for dang-sure that cigarette mildness can't be determined by a cursory sniff or a single, quickly-dispatched puff. He doesn't have to go back to school to know that there is one real test — a test that dispels doubt, fixes fact.

It's the sensible test... the 30-Day Camel Mildness Test, which asks you to try Camels as your steady smoke—on a pack-after-pack, day-after-day basis. No snap judgments needed. After you've enjoyed Camels — and only Camels — for 30 days in your "T-Zone" (T for Throat, T for Taste), we believe you'll know why...

**More People Smoke Camels
than any other cigarette!**

'Sig Ep Golden Heart' will be theme of Friday dance

Fraternity to sponsor informal dance for Greeks and dates at Carter Lake

The "Sig Ep Golden Heart" will be the theme of the "Sig Ep Sweetheart Dance" Friday night at the Carter Lake Club. The annual informal affair is being presented by the fraternity for the Greeks and their dates.

The Sig Ep's announced that the decorations will center around the "Heart" theme. The ballroom will be decorated in small hearts made of crepe paper. The fraternity's pin is the shape of a heart.

The "Sweetheart" will be revealed by a new and different procedure this year. The ceremony will be kept a secret until the night of the dance. Joanne Larkin, Chi Omega, and last year's winner of the title, will honor her successor.

The candidates for the title this year are Charlotte Longville, Alpha Xi Delta; Barbara Galloway, Chi Omega; Mary Anne Kardell, Gamma Sigma Omicron; Joan Pierce, Sigma Kappa, and Joan Farris, Zeta Tau Alpha.

The fraternity chose their own candidates and have elected the "Sweetheart" who will be announced at intermission. Miss Larkin received a pearl necklace last year from the organization.

Eddy Haddad and his orchestra will furnish the music from 9 p. m. to midnight. Greeks will be admitted by identification card. Sponsors for the dance are Mr. and Mrs. John W. Kurtz and Dr. and Mrs. L. C. Taylor. Edwin Schultz is in charge of the over-all arrangements.

Zeta's pick two new officers at last meet

Two new officers have been named to positions in Zeta Tau Alpha sorority. Gloria Oldergog will assume the duties of the rush chairman, and Marcia Jourdan will take over as the chapter's new representative to the OU Pan-Hellenic Council.

At the group's last business meeting, final plans were discussed for attending the Zeta province convention in Topeka, Kansas, Saturday and Sunday. President Nancy Hileman is the chapter's official delegate to the meeting, and Paula Diehl is the alternate. A number of other chapter members are also expected to make the trip.

The two-day convention sessions will be devoted mainly to workshops, roundtables and officer training programs.

Weiner roast marks week-end for ISA's

The Independent Students Association highlighted the week-end with a weiner roast at Spring Lake Park. The party was held Saturday night at 8 p. m.

Evelyn Bowerman and Joan Olsen were co-chairmen for the event. Games, a sing and a softball game, were part of the entertainment. Mr. and Mrs. W. W. Cliff and Mr. and Mrs. Francis Hurst were the sponsors for the organization.

Forty-two percent of last year's motor vehicle accidents involving injuries happened in the dark.

Saturday and Sunday remain the most dangerous days of the week in traffic.

'Joe College' will be elected by OU girls

The ninth annual "Joe College Dance," sponsored by Feathers, national women's organization, will be held on April 27.

The dance will take place in the university auditorium from 8:30 to 11:30 p. m. The event will be strictly informal this year which means sports clothes for the boys and bobby sox, sweaters and skirts for the girls. Irv Jones and his combo will furnish the music.

All university students are invited to attend the dance, but only the women students will vote for "Joe College IX." Jane Hoff is chairman in charge of arrangements for the dance.

APO reports Ma-ie progress at meeting

Members of Alpha Phi Omega, OU's national service fraternity, met last Tuesday evening for a business meeting in the east wing of the cafeteria.

Ma-ie Day plans were discussed, and it was reported that progress was made on both the skit and float preparations. Professor Harry L. Rice, fraternity sponsor, suggested that members of the group offer their services as guides for the purpose of conducting the senior classes of the Omaha high schools around the University campus. The seniors will be here late this month.

Phi Ep's, second national at OU, becomes international with installation at Montreal

Phi Epsilon Pi, the second local social fraternity to go national on the Omaha University campus, was installed here on May 23, 1950. The national organization was founded in November of 1904.

At the present time, the OU chapter has 24 members. Phi Epsilon Pi, which has 37 chapters and over 50 alumni groups, became an international fraternity last week when a new chapter was installed at Montreal, Canada. The name of the organization's official magazine is the "Phi Ep Quarterly."

Each year the fraternity presents a plaque to the outstanding American, selected by the

Chi O's with alums celebrate sorority's founding Friday eve

The Omaha Chi Omega Alumnae Association and the members of Zeta Delta chapter celebrated the fifty-sixth anniversary of the sorority's founding Friday night at the Fontenelle Hotel.

The Eleusinian banquet was held in the hotel ballroom. Members of the Chi O Mothers' Club were special dinner guests.

Jackie Zerbe, president of the OU chapter, was toastmistress. Marilyn Mellam was general chairman in charge of the banquet arrangements.

A traditional candle-light ceremony in tribute to Chi Omega's founders was conducted by Miss Mellam and Barbara Zimmerman.

Miss Margaret Killian, chapter scholastic adviser, presented two scholarship cups in behalf of the alumnae group. The trophies were awarded to Dixie Clark, who attained the highest average among the active members, and Sally Penny, highest among the pledge class.

Doris Hanson, past pledge mistress, presented a medallion bearing the sorority crest to Miss Penny, who also compiled the most outstanding pledge record.

Following the dinner, the actives and pledges presented a skit on chapter life.

Faculty to meet for dance in auditorium

The faculty will hold another square dance Friday night in the auditorium at 7:30 p. m. A professional caller will lead the group for the dances.

The faculty women will meet for a luncheon at noon tomorrow in room 100. That evening the Best Years Club will meet at 7 p. m. in room 101. Thursday the faculty men will meet for a luncheon at noon in room 100.

Grand Council. Last year Henry Morgenthau, Jr. was given the award at the fraternity's national convention. The Phi Ep's have both a national convention and a Mid-Western Conclave each year. This year's national meeting will be held in Miami Beach, Fla., Sept. 6-10. The conclave will take place at Ohio University in Athens, Ohio, on May 23.

The local chapter presents "Circus Capers" as its annual all-Greek dance. The first "Capers" was given last month.

The Phi Ep's were awarded the Greek scholarship trophy during the recent Greek Week observance.

Sigma Kappa's elect Carol Miles as chapter president; Everett to assist

Home Ec Tea to be in Faculty room

Members of the University of Omaha Home Economics Club will entertain at a Mother-Daughter Tea this afternoon in the Faculty Clubroom.

The tea will be held from 3 to 5 p. m. Bonnie and LaVonne Kundel are joint chairmen. A musical program will be presented as part of the entertainment.

Announcement will be made at the tea of the new Home Ec Club award to the home economics student who has made the greatest contribution to the club. This is in addition to a high scholastic record. The winner of the \$25 award is chosen by vote of the club, according to Patricia Doyle, president.

Marianne Hentschke is in charge of the refreshments.

Alpha Xi's will note 1893 founding date

Members of Alpha Xi Delta will celebrate the fifty-eighth anniversary of the sorority's founding with a banquet tonight at the Omaha Country Club.

Joyce Erdkamp and Charlotte Longville are general co-chairmen in charge of the banquet arrangements.

Elections held at Wednesday meet

Carol Miles was unanimously elected president of Beta Omega chapter of Sigma Kappa social sorority Wednesday night. The election was conducted at the sorority's regular business meeting at the Paxton Hotel.

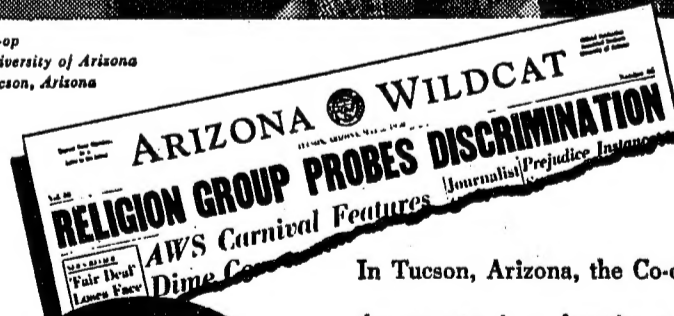

Assisting Miss Miles will be Marilyn Everett who was elected first vice president by the members. Pat Johannsen, second vice president, will act as pledge mistress. Donna Hayes will take over the office of treasurer and Anne Pane, recording secretary.

Other officers elected were Darlene Lesh, corresponding secretary, Joan Pierce and Elaine Lof, rushing chairmen; Barbara Pugh, registrar; Phyllis Pendrock, historian; LaVonne Kundel, Triangle Correspondant; Claire Strasser and Lois Disney, sergeant-at-arms; Mary Gardner, scholastic chairman; Diane Kantas, music chairman; and Nancy Spring and Shirley Swanson, social chairmen.

Donna Hayes gave a report on the progress of the Ma-ie Day float and Miss Everett reported on the skit progress.

Co-op
University of Arizona
Tucson, Arizona

In Tucson, Arizona, the Co-op on the campus is a favorite student gathering spot. At the Co-op—Coca-Cola is the favorite drink. With the college crowd at the University of Arizona, as with every crowd—Coke belongs.

Want to get Homework done faster?

Your homework can be done faster and more effectively when your study light is right. Eye strain and eye fatigue caused by poor light make it hard to read—hard to concentrate.

Provide plenty of glare-free light at your study table — and remember, eye-sight is priceless... good light is cheap.
